

BAINBRIDGE ISLAND METROPOLITAN PARK & RECREATION DISTRICT

NOTICE SAKAI PARK SITE PLAN OPTIONS

As a follow-up to the initial public process for Sakai Park in 2016, we'd like to inform the community of an agenda item regarding Sakai Park that will be coming up soon at a regular board meeting of the Bainbridge Island Metropolitan Park & Recreation District.

On June 1, 2017, an initial presentation will be made by Jones & Jones, the architect selected by the Park Board to develop a site plan for Sakai Park, which will assess the recommended uses generated by the community during the public process in 2016.

This presentation will be made to the Park Board and interested members of the public who attend the board meeting. Jones & Jones will present several options for the property drawn from the public's recommended uses for the park. Site configurations and analyses of the public's recommended uses will be provided by the Jones & Jones team, which includes landscape designers, planners, architects, and civil engineers.

If interested in attending this presentation, please come to this important board meeting.

Date: June 1, 2017

Topic: Sakai Park Site Plan Options
Agenda Item of Regular Board Meeting

Time: 7:00 pm

Location: Bainbridge Island Aquatic Center
8521 Madison Avenue North
Bainbridge Island, WA 98110

Following the presentation, time will be provided to take questions from the board and the general public. No decisions will be made by the Park Board during the June 1, 2017 board meeting. A subsequent presentation by Jones & Jones will be made later this summer to the Park Board as the concept plan and preliminary design is further developed.

The design options presented at the June 1, 2017 board meeting will be posted on the Park District's website after the meeting as well as any subsequent revisions of these designs.

Any public comments on the design options may be directed to Senior Planner Perry Barrett at perry@biparks.org.
