Introduction

The Bainbridge Island Metropolitan Park & Recreation District (Park District or District) has a variety of athletic fields and sports facilities for public recreational use that can be either reserved or used on a drop-in basis. The oversight of these fields and facilities is the responsibility of the Park District and includes the administration, operation and maintenance of them. In addition, the Park Services Division of the Park District monitors User Group activities to ensure the fields are used properly and are safe and useable for the public. The Park District also manages the scheduling for all athletic fields and sports facilities.

It is the goal of the Park District to strive towards equitable distribution of the fields among User Groups, maximum use of the fields by the public, and protection of the fields from overuse.

This manual is intended to assist the user when making field and sport facility reservations, and to guide staff in resolving conflicts that may come up when scheduling fields. Staff may deviate from these guidelines when determined necessary and appropriate. For rental of indoor facilities, picnic shelters, or outdoor areas that are not sports facilities, the Park District's "Facility Rental Manual" should be referred to.

Types of Field Reservations

Periodic Use:	One-time or periodic use.
League or Seasonal Play:	Seasonal play by a sports league or team that includes practices and games. Fields or facilities are reserved for an entire season.
Tournament/Sports Event:	A competition between four or more teams that takes place over a period of several days; or some other type of large sporting event requiring a sports facility.

Reservations or Drop-In Basis

Who Can Reserve Fields?

1. Sports associations, leagues, and teams
2. Bainbridge Island School District
3. Non-profit organizations
4. Businesses
5. Organizations
6. Private individuals

Who can Use Fields on a Drop-In Basis?

Fields that are not in use or scheduled for use can be used on a drop-in basis without a reservation or rental payment. Who can use empty fields on a drop-in basis?

1. Neighbors, friends, and family for casual activities that are not affiliated with any league or organized team play.
2. "Pick-up" games that are casually organized, free, and not affiliated with any organization that collects payment or charges fees.

Drop-in use on unreserved fields is not intended for team practices or games when the team is a part of an organized association. These games and practices must be scheduled within the times that have been reserved by the league or association.

During the peak sports season, unreserved time is generally limited to Sundays or daytime park hours during the week.

Scheduling Priorities

When conflicting requests are made for the same facility, the Park District uses the following guidelines to prioritize them, with those first on the list having the greater priority:

1. Park District programs or co-sponsored programs.
2. Bainbridge Island School District
3. Non-Profit Organization
 - a) Fulfills a community recreational need
 - b) Cost recovery is fee based
 - c) Organized by a registered non-profit organization
 - d) Open mainly to members of a specific organization
4. Private Leagues
5. Private Group, Events, & General Public
 - a) A onetime, non-profit event for members of a specific organization or group (i.e., company tournament).
 - b) Individual teams or User Groups that do not meet the descriptions of prior categories.

The following additional factors may also be taken into consideration:

1. Benefit to the residents of Bainbridge Island
2. Type of event (national, regional, state or local)
3. Past field use history and dates of events
4. Seasonal activities versus non-seasonal activities
5. Impact of use on surrounding neighborhood
6. Scheduled games versus practices
7. Diversity of recreational opportunities

NOTE: Field use may be restricted, denied or cancelled if an organization is not in good standing (i.e., excessive cancellations, damage, late payments, poor sportsmanship, etc.)

Steps to Reserve a Field or Sports Facility

1. Review this manual carefully for information and requirements pertaining to your field rental request.
2. Complete the rental application. Keep in mind that any rental applications for tournaments or large sporting events requiring a sports facility must be completed and turned in no later than 30 days before the event. To obtain a rental application form, go to www.biparks.org. A sample for viewing is also included at the end of this manual.
3. Return completed rental application to the Park District. Staff will review it and contact User Group to confirm dates if available or offer alternative locations and/or times if not.
4. When determined necessary by staff, sign User Group agreement prepared by the Park District once dates and facilities are confirmed. Once the agreement is approved, no amendments to it will be effective unless made in writing and signed by both parties. Any request for items related to an athletic field or sports facility rental that is not covered in this manual will require a User Group agreement.
5. Submit proof of insurance and payment as stipulated in the agreement with the Park District.

Rental Fees

Park District fields are rented on an “as is” basis. In other words, the Park District maintains the fields according to recreational standards appropriate for use by the general public, and does not groom fields for competitive or specific use.

User Groups are responsible for lining the fields they have reserved for their specific sport, and may need to supply their own equipment such as bases, goals, etc. Additional charges may apply when a User Group requires Park District services that are over and above what is provided by the District for general recreational use. For more information, see the following Additional Charges section.

To obtain rental fees for athletic fields and sports facilities, go to the Park District’s website at www.biparks.org to view a current fee schedule.

Rental fees for fields and sports facilities may be offset by credits User Groups can acquire when working in partnership with the Park District on specific projects. Donations of property, goods or services to the Park District during the duration of such a project may result in credits that can be applied against future rental fees. Decisions pertaining to the acceptance of potential donations will be made in accordance with the Park District’s “Gift Acceptance” policy.

Such partnerships require an agreement between the User Group and Park District which defines User Group responsibilities and contributions, and stipulates the number of credits that will be issued in return. User Group credits may not be used for tournament play or special events.

The Park District reserves the right to charge additional fees depending on the type of activity planned.

Additional Charges

As outlined in the “Rental Fees” section, Park District fields are rented on an “as is” basis. The Park District maintains the fields according to recreational standards appropriate for use by the general public, and does not groom fields for competitive or specific use. Additional charges will apply when a User Group requires Park District services that are over and above what is provided by the District for general recreational use.

When a User Group requires additional services, such as during a tournament or special event, the User Group and Park District will agree to the scope of these services prior to the event and the User Group will be charged for the additional costs. This could include specific items such as those listed below, as well as additional staff time to manage, supervise or assist with the event. These additional services must be pertinent to the facilities identified in the User Group agreement.

Additional costs will also apply when a User Group’s use of an athletic field or sports facility has resulted in damage to District property.

Additional Sanicans & Trash Bins

The Park District will be responsible for placing sanicans on any rental fields that do not have a public restroom from April 1 through October 1 each year. There are times when the Park District will provide sanicans outside this time frame depending on what has been agreed to in a rental agreement.

The User Group is responsible for providing additional sanicans for those events or occasions when it is anticipated that the crowd will exceed the limit of the Park District’s current system capacities. The User Group is responsible for ordering and paying for any additional sanicans.

If additional trash and recycling bins are needed for an event, the User Group is also responsible for ordering and paying for these.

Damages

The User Group is responsible for all damage to the Park District’s premises, equipment, and property that occurs during their facility rental. This includes any damage done to the premises through the negligence or intentional conduct of the User Group, its members, participants, guests or attendees.

The User Group will reimburse the District for any loss or damage to property caused by such use within 30 days of the billing date.

Also, if additional services are required after an activity in excess of normal maintenance, the User Group will be charged accordingly.

The Park District has the right to revoke any rental agreements it has issued due to a User Group causing damage to a field or sports facility as a result of misuse or inappropriate behavior or activities.

Police Supervision

The Park District reserves the right to require police supervision for any event booked. The cost of police supervision will be paid by the User Group. User Group must confirm security requirements have been met prior to the event date.

Deposits and payments vary as indicated below and depend on the type of activity.

3. Payment of the invoice is due 30 days after the date of the invoice.
4. Under some circumstances (such as prior late payments, a one-time use, or a new User Group) full payment may be due and payable in advance.

Tournaments & Sporting Events

For tournament or sporting event use, fields are reserved for a period of several days, and the following applies:

1. A \$500 deposit per tournament is required to hold the athletic field or sports facility for the requested dates. The deposit will be made at the time the reservation is approved and a contract signed. The deposit shall be in a check separate from any other fees or costs paid to the Park District. Failure to pay the deposit by the date specified in the contract will result in termination of the agreement.
2. If upon completion of post-tournament/event clean-up, damage to the park and/or additional cleanup expenses exceed the deposit amount, the User Group will be billed for the additional cost.
3. Following the tournament or event, the Park District will prepare an invoice summarizing all fees and costs, including rental fees, costs for providing additional services, and costs to repair damage that occurs during the tournament/event. The deposit will be applied against the balance due, or returned if no funds are owing. Payment of the invoice is due 30 days from the date of the invoice.

Head Injuries

One of the main responsibilities of an organization, individual coach or parent is to keep sports and all other activities safe. In order to do this, it is important to ensure that leaders are properly trained to recognize the symptoms of a concussion along with the very important steps following a suspected head injury. To prevent further injury to a participant who may have a possible head injury it's important to follow certain guideline and procedures pertaining to this type of injury.

User Groups are encouraged to go to the Center of Disease Control and Prevention website for vital information regarding head injuries that can be shared with their organization, participants and parents.

Indemnification. User Group understands that its use and possession of the Premises involve inherent risk, which could result in property damage, illness and/or bodily injury (up to and including death), and which includes risk of exposure to and infection by the novel coronavirus, COVID-19. User Group understands that exposure and infection can result from the actions and/or omissions of User Group, members of the public, and District employees, agents and contractors, and that infection could result in illness, bodily injury, permanent disability and/or death. Although the District has implemented preventive measures to reduce the spread of COVID-19, risk of exposure and infection cannot be eliminated entirely. In and for good and valuable consideration, User Group hereby (i) assumes the risk and all responsibility for the health and safety of User Group and its employees, agents and invitees when using or possessing the Premises; (ii) waives and forever releases the District and its employees, agents and contractors from any and all claims (including those for illness and bodily injury) arising out of or relating in any way whatsoever to User Group's use and possession of the Premises, even though said claims may arise out of the negligence of the District and its employees, agents and contractors; (iii) limits the District's liability to the limits of the District's insurance policy if the foregoing waiver and release is adjudged to be unenforceable; (iv) agrees to defend, indemnify and hold the District and its employees, agents and contractors harmless from and against any and all claims (including those for illness and bodily injury), damages, liabilities and expenses (including attorney fees) arising out of or relating in any whatsoever to User Group's use and possession of the Premises, any condition of the Premises in the possession or under the control of User Group, and/or User Group's breach of this Agreement; and (v) agrees to notify the District if User Group or any of its employees, agents, participants and invitees tests positive for COVID-19, has been exposed or potentially exposed to COVID-19, or is experiencing symptoms associated with COVID-19, including, without limitation, fever, shortness of breath, cough, and loss of

taste or smell. This clause shall survive the termination of this Agreement and be fully applicable and enforceable thereafter.

Liability Insurance. Before using the Premises, User Group shall procure and carry the following insurance at User Group's cost: comprehensive general liability insurance in a responsible company with limits of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate. Such insurance shall cover all risks arising directly or indirectly out of User Group's activities on or any condition of the Premises, whether or not related to an occurrence caused or contributed to Park District negligence. Such insurance shall protect User Group against the claims of the Park District on account of the obligations assumed by User Group hereunder, and shall name the Park District as an additional insured. A Certificate of Insurance shall be provided to the Park District upon completion of this signed application.

In signing below, I acknowledge that I am an authorized representative of the above-named User Group, and have read and understand the Park District's "Athletic Field & Sports Facility Rental Manual", and agree to abide by all the rules, regulations, and conditions of use stipulated in this document.
