

# Mountain Biking Volunteer

Volunteers are the backbone of many successful mountain biking programs. Our volunteers have the unique opportunity to encourage enthusiasm for mountain biking, create and foster positive relationships, instill proper trail etiquette and serve as role models for participants. There are many ways to help out, including participating on rides, assisting with instruction, loading bikes onto trailers, being a backup driver, and performing basic bike maintenance. Volunteers work closely with the Mountain Biking Coordinator and staff.

Please fill out the questions below and email this form to Mountain Biking Coordinator Patrick Hodge at [patrickhodge@biparks.org](mailto:patrickhodge@biparks.org) and to Outdoor Program Manager Stacey Stoner at [staceys@biparks.org](mailto:staceys@biparks.org)
