Government Jobs sends a notification email that your application has been successfully received.

What if the job I want isn't currently open?

We can accept applications only for positions that are currently open for recruitment. However, we encourage you to sign up for job notifications. This feature provides you the opportunity to check off job classifications that interest you, which will generate automatic emails when a new job opens.

When I apply for a job at Bainbridge Island Metro Park & Recreation, can I submit a resume instead of a job application?

A resume cannot be accepted in place of a completed application. Do not state "see resume" in any section of your application. Depending on the position, a resume and/or cover letter may be necessary.

Do I need to submit a separate application for each position I am interested in?

Yes, you will need to submit a separate application for each position that interests you. Your registration with GovernmentJobs.com makes it easy to update and customize your application for each position.

What happens after I submit my application?

The hiring manager carefully reviews all applications to identify the most qualified applicants. Applications will be reviewed in comparison with all other applications received. This review may take a few weeks. The most qualified applicants may be invited to participate in additional selection activities such as tests or interviews.
