

**BAINBRIDGE ISLAND
METROPOLITAN PARK & RECREATION DISTRICT**

Request for Qualifications (RFQ) # 20233
ADA Transition Plan

ADDENDUM A

July 19, 2024

Project Manager: Matthew F. Keough, Senior Planner
Email Address: mattk@biparks.org
Telephone: (206) 565-5658
Date Prepared: Friday, July 19, 2024

The following modifications are hereby made part of the contract documents:

DOCUMENTS:

1. Submitted Questions and Answers

SUBMITTED QUESTIONS AND ANSWERS
ADA Transition Plan

Q1a: Do you have a list (even if preliminary) of the sites and indoor facilities to be included in the ADA transition plan? That will give us a sense of effort/workload/anticipated staffing to inform our SOQ.

Q1b: Can the Parks & Rec District provide a list of the park buildings/structures included in this project with their corresponding square footage?

A1ab: We are intentionally not including a list of sites or indoor facilities, involved with this project. Instead, this will be determined through consultation, benefitting from selected firm's expertise at arriving at a balance of representative and priority sites. A comprehensive site and facility inventory is available in the [2020 Park Comprehensive Plan](#) for the Bainbridge Island Metropolitan Park and Recreation District at [Planning Documents | Bainbridge Island Metro Park & Recreation District \(biparks.org\)](#). Since the time of the plan's adoption in March 2020, the most significant addition of note is the acquisition of an athletic club, now known as the "Bainbridge Island Recreation Center," located at 11700 NE Meadowmeer Circle, Bainbridge Island, WA 98110.

Q2: The RFQ indicates that the final report delivery is in Spring of 2024. We assume this is a typographical error and it would be Spring of 2025 – can you confirm?

A2: Correct, the final report delivery is in Spring of 2025. Thank you.
