## Dear Community Members,

As summer approaches on the island, I'm excited to share updates on recent and ongoing projects and the community partnerships shaping our island's future. These initiatives reflect the dedication and generosity of our partners and residents, all committed to creating a lasting, positive impact.

We are thrilled to announce a new partnership with the Bainbridge Island Land Trust and the Parks & Trails Foundation to raise funds to purchase the Bainbridge Island School District's portion of the Grand Forest East. The opportunity to purchase the property arose when the School District decided they no longer needed the property for a future school. We commend the School District's commitment to prioritize conservation and public use by working with us and our partners to preserve these acres.

Seeing so many individuals step up to protect such a special place is inspiring. The teamwork behind this effort is a true testament to the spirit of our island, and we're grateful to all involved for creating this meaningful outcome. Thank you to our community and to our partners!

In 2017, Kitsap Public Utility District reached out with a need to expand water storage and fire flow capacity at the Deerpath Water Tank site at Gazzam Lake. In partnership with the Park District and the Bainbridge Island Land Trust, KPUD launched their project to upgrade their storage tanks. Work was completed through an interlocal agreement, and in return, KPUD collaborated with the District and Land Trust to build a 12-car parking lot at Gazzam Lake. The parking lot was much needed and will help reduce parking congestion and allow visitors easy access to Gazzam's miles of trails. Thank you to KPUD and the Land Trust for their partnership. The Deerpath project is a great example of how the community benefits when our organizations work together!

The Strawberry Hill Bike Park Build is about to begin. The project began more than three years ago and has successfully passed through the design and permitting phases. Construction is anticipated to begin this spring, and the course will feature multiple flow trails, built structures, and skills areas for mountain bike users. Thank you to the Bike Park Committee and our partners at the Parks and Trails Foundation for their ongoing support. Without them this project wouldn't have happened!

Our new registration software goes live April 21. If you have previously registered for a program online, you'll receive an email invitation to activate your account in our new system. We'll conduct registration for our upcoming programs in this catalog through the new software. Our staff have worked incredibly hard on the implementation, and we're excited to share it with all of you.

Lastly, we're working with a committee to find a fitting way to honor retired executive director Terry Lande's incredible contributions to our community. His legacy continues to inspire, and we're deeply grateful for his decades of leadership.

I don't know about you, but I'm sure looking forward to warmer weather and our Sounds of Summer concert series at Battle Point Park. I'll be there and look forward to seeing and talking with you there. We're fortunate to live where individuals and organizations come together to support and celebrate one another, and we thank everyone for making a difference in our community.

### See you out there,

## PHONE IN

**Give us a call at (206) 842-2302**

Please note on registration day we do experience high volumes of calls. Please be patient with our customer service staff.

Nonresident Participants: We welcome nonresidents to participate in our programs. A nonresident fee of \$10 will apply to each class.

**Nonresident Participants:** We welcome nonresidents to participate in our programs. A nonresident fee of \$10 will apply to each class.

# FINANCIAL ASSISTANCE

**BIMPRD Program Discounts:** The Park District partners with Helpline House to make participation in our programs accessible to residents with limited resources. Full or partial fee waivers are available for most Park District recreation activities for qualified families and individuals. To apply, contact Helpline House at 206-842-7621.

**IFS Waiver Assistance Program:** Developmental Disabilities Administration, with assistance from the WA State Department of Social and Health Services, offers Individual and Family Services (IFS) Basic Plus or Core Waivers for individuals who require waiver services to remain in the family home. While the Park District does not contract directly with the state for these waivers, we have established a program within the same parameters.

For either assistance programs, please give at least one week advance notice to the case manager so they can process the request before registration. Most programs take one to two weeks, depending on the program or activity.

# INCLUSION/ACCESSIBILITY TO PROGRAMS & FACILITIES

The Park District strives to provide opportunities for people of all abilities to participate and interact in recreational activities with dignity. To that end, the Park District attempts to make reasonable accommodations to policies, procedures, and programs to assist those with special needs to participate in Park District activities, programs, and services. Although the Park District will make every reasonable effort to meet specific needs, unfortunately not all accommodation requests can be granted. Each request is evaluated by the Park District on a case-by-case basis.

## How to get started:

- Register for the classes/activities in which you want to participate. Please ensure that you meet the general class requirement to register for the course/activity. For example: you are the appropriate age and meet the prerequisites.
- Immediately after registering, contact the ADA Coordinator to request an accommodation. The Park District **requests two weeks' notice** prior to the first activity date to determine whether reasonable accommodation is possible.

## MOUNTAIN BIKING

### FAQS

**General** — A detailed email will be sent out approximately a week before the start of each program, with information on where to meet, what to bring, weather forecasts, medical waivers, emergency contacts, and more. Questions? Contact Outdoor Program Manager Stacey Stoner at [staceys@biparks.org](mailto:staceys@biparks.org)

**Equipment** — Participants must have a working mountain bike of suitable size, gears to go up and down medium grades of the trail, functional brakes, and a properly fitting biking helmet. Please do not show up with a bike with skinny road tires, a one-gear single-speed, or major mechanical issues. Staff reserves the right to not allow participation if a bike is deemed unfit, non-functional, or if staff have safety concerns.

**Bike Check** — Staff strongly recommends that your rider's bike be inspected and tuned up by a professional bike mechanic two weeks before their first program of the season. Afford several days to ensure your rider's bike will be ready for pick-up. On Bainbridge Island, BI Cycle and Classic Cycle are great bike shops that can help.

**Gearbank** — Participants are responsible for providing their own personal clothing and equipment, but our Outdoor Gearbank has a select number of Park District mountain bikes (24" and 26" tire) that are available to borrow for free. Please contact Outdoor Program Manager Stacey Stoner [staceys@biparks.org](mailto:staceys@biparks.org) at least two weeks before needing a mountain bike to check availability and allow for scheduling.

**Physical Fitness** — Participants must be physically fit for each ride's unique challenges. Terrain and trails vary; please refer to the "Trail Difficulty Rating System." The Park District reserves the right to require a doctor's note to clear a participant for participation.

**Registration Deadlines** — Registration deadline is three days before the program start date. This allows us to effectively communicate with participants about any needs we can help accommodate and ensure each trip is a good fit.

**Transportation** — Transportation is provided from Strawberry Hill Park for most all off-island programs. Transportation will be provided using one of the Park District's 15-passenger vans or a bus with bike trailer.

# SUMMER CAMPS

## TRAIL DIFFICULTY RATING SYSTEM

Sections of the trail may be easier or more difficult than the criteria listed below. For questions regarding a specific program, contact the program staff. In order to help you choose the right fit, the mountain bike programs are rated from 1.0-6.0 to represent program difficulty. With each additional numerical rating, rides will increase in distance, pace, and technicality.

○ **(Easiest)** — Small hills and generally flat, smooth/paved terrain, with few to no avoidable obstacles such as rocks and roots. Suitable for newcomers to biking.

● **(Beginners)** — Rolling hills. Varied terrain, including dirt and gravel. Avoidable obstacles, such as rocks and roots, and few to no unavoidable obstacles, such as large roots. Suitable for beginner mountain bikers.

■ **(Intermediate)** — Steep hills. Challenging terrain that may include loose dirt and gravel. Avoidable obstacles such as rocks and roots. Unavoidable obstacles that riders may need to walk over, such as drops and large roots. Suitable for riders with previous mountain biking experience.

◆ **(Advanced)** — Technical, long, and steep hills. Challenging terrain that may include loose dirt, gravel, sand, and rock. Difficult, unavoidable obstacles such as rocks, drops, and large roots. Suitable for riders with lots of previous mountain biking experience.

A child may enter the program at six months and work through the advanced classes, including a competitive team, until age 19. Because gymnastics classes are offered all year, we can instill in children the need for physical activity as a lifestyle. ## MOUNTAIN BIKING

### FAQS

**General** — A detailed email will be sent out approximately a week before the start of each program, with information on where to meet, what to bring, weather forecasts, medical waivers, emergency contacts, and more. Questions? Contact Outdoor Program Manager Stacey Stoner at [staceys@biparks.org](mailto:staceys@biparks.org)

**Equipment** — Participants must have a working mountain bike of suitable size, gears to go up and down medium grades of the trail, functional brakes, and a properly fitting biking helmet. Please do not show up with a bike with skinny road tires, a one-gear single-speed, or major mechanical issues. Staff reserves the right to not allow participation if a bike is deemed unfit, non-functional, or if staff have safety concerns.

**Bike Check** — Staff strongly recommends that your rider's bike be inspected and tuned up by a professional bike mechanic two weeks before their first program of the season. Afford several days to ensure your rider's bike will be ready for pick-up. On Bainbridge Island, BI Cycle and Classic Cycle are great bike shops that can help.

**Gearbank** — Participants are responsible for providing their own personal clothing and equipment, but our Outdoor Gearbank has a select number of Park District mountain bikes (24" and 26" tire) that are available to borrow for free. Please contact Outdoor Program Manager Stacey Stoner [staceys@biparks.org](mailto:staceys@biparks.org) at least two weeks before needing a mountain bike to check availability and allow for scheduling.

**Physical Fitness** — Participants must be physically fit for each ride's unique challenges. Terrain and trails vary; please refer to the "Trail Difficulty Rating System." The Park District reserves the right to require a doctor's note to clear a participant for participation.

**Registration Deadlines** — Registration deadline is three days before the program start date. This allows us to effectively communicate with participants about any needs we can help accommodate and ensure each trip is a good fit.

**Transportation** — Transportation is provided from Strawberry Hill Park for most all off-island programs. Transportation will be provided using one of the Park District's 15-passenger vans or a bus with bike trailer.

### TRAIL DIFFICULTY RATING SYSTEM

Sections of the trail may be easier or more difficult than the criteria listed below. For questions regarding a specific program, contact the program staff. In order to help you choose the right fit, the mountain bike programs are rated from 1.0-6.0 to represent program difficulty. With each additional numerical rating, rides will increase in distance, pace, and technicality.

 **(Easiest)** — Small hills and generally flat, smooth/paved terrain, with few to no avoidable obstacles such as rocks and roots. Suitable for newcomers to biking.

 **(Beginners)** — Rolling hills. Varied terrain, including dirt and gravel. Avoidable obstacles, such as rocks and roots, and few to no unavoidable obstacles, such as large roots. Suitable for beginner mountain bikers.

 **(Intermediate)** — Steep hills. Challenging terrain that may include loose dirt and gravel. Avoidable obstacles such as rocks and roots. Unavoidable obstacles that riders may need to walk over, such as drops and large roots. Suitable for riders with previous mountain biking experience.

 **(Advanced)** — Technical, long, and steep hills. Challenging terrain that may include loose dirt, gravel, sand, and rock. Difficult, unavoidable obstacles such as rocks, drops, and large roots. Suitable for riders with lots of previous mountain biking experience.

 **Overnight**

### MTB SUMMER REFRESHER **NEW**

Haven't ridden in a while? Not a problem! In a jam-packed two-hour ride, we'll pick up where riders last left off to prepare for our summer mountain biking programs. We'll brush up on fundamental techniques, re-familiarize ourselves with our bikes, ride the pump track, and discover the vast mountain biking opportunities that Battle Point Park and the surrounding trails have to offer. After this clinic, riders will have a good idea of what to expect in our weekday summer programs and will be given a recommendation as to which programs are a good fit. Battle Point Park

## WILDERNESS DAY HIKES

### WILDERNESS DAY TRIPS

**Age 10 and up (Participants under 14 must be accompanied by a parent or guardian). Come explore the great outdoors! We'll visit some of the most beautiful spots around — lush river canyons, open wildflower meadows, breathtaking ridge top views, and sparkling alpine lakes. Meet at Strawberry Hill Park, at 8:00am unless otherwise noted; most trips return 6-8pm. Mileages are round-trip.**

### SLAB CREEK RHODODENDRON ALLEY ★

Ages 10 and up. The trail is lined with an impressive display of Rhododendrons, and they should be in full bloom! We'll follow Slab Creek through dense forest down to the Gray Wolf River. We'll cross the giant bridge over the Gray Wolf and have lunch by the big river as it flows through its narrow canyon. ~6.5 mi ~1300ft elevation gain.

Th 6/12/25 9:00a-6:00p \$97

### BEST OF THE SKOKOMISH ★

Ages 10 and up. We'll combine three short trails and a scenic viewpoint on the South Fork Skokomish River on this relaxed trip. Circumnavigate peaceful Spider Lake, see the giant gnarled maples at Brown Creek, explore a narrow peninsula that juts out into the river, and check out a deep canyon with a raging river at High Steel Bridge. With the shorter mileage, we'll make sure to take our time and soak it all in! ~4.8 mi ~600ft elevation gain.

Su 6/22/25 8:00-6:00p \$97

### DEER PARK MEADOWS ★

Ages 10 and up. We'll hike on top of a 5000ft ridge, through a mix of forest, meadows, and open spots with 360° views--jagged, snowy peaks on one side, and views across the ocean to Canada on the other. Wildflowers should be peaking in this area! ~6.5 mi ~1500ft elevation gain.

W 6/25/25 8:00a-6:00p \$97

### DECEPTION PASS SAMPLER ★

Th 7/10/25 8:00a-6:30p \$97

### TYLER PEAK ★

Ages 10 and up. One of our favorite trails in the Olympics is also one of the steepest! That may be why it's not as well-known or heavily traveled. The scenery is incredible the whole way as we hike up through dry pine forests, across wide-open meadows and finally along a bare windswept ridge to the stunning summit. ~6.5 mi ~3000ft elevation gain.

Su 7/20/25 8:00a-6:00p \$97

### DUNGENESS SPIT ★

Ages 10 and up. On this otherworldly hike, we'll go five miles out into the ocean on a 200-foot-wide strip of beach! Endless driftwood, crashing waves, and birds and sea life will be visible, with views of the Strait of Juan de Fuca and the Olympics. At the end of the spit, we'll walk up the spiral staircase of a historic lighthouse and see the treasures that have washed up over the years. ~11 mi ~100ft elevation gain.

Su 7/27/25 8:00a-6:00p \$97

### RAINIER SKYLINE LOOP ★

Ages 10 and up. This is probably THE signature hike of Mt Rainier National Park. We've avoided this area for years because of the crowds, but the new timed-entry system has worked well and we're ready to give it another shot! It's still a long drive, almost three hours, but we'll do the driving, and you can enjoy the spectacular wildflower meadows, towering blue glaciers, cascading waterfalls, and awe-inspiring views of distant volcanos—St Helens, Adams, and Hood. ~6.3 mi ~1800ft elevation gain.

T 8/5/25 7:00a-7:00p \$97

### GRAND VALLEY LOOP ★

Ages 10 and up. Our favorite day hike in the Olympic Mountains! This trip has it all—a skyscraping 6500ft ridge walk, tremendous views of the whole park, a lake to eat lunch by, a hidden waterfall, and miles of meadows. From the moment you step out of the car, every step of the way is gorgeous, and no two sections are the same! ~9.5 mi ~2700ft elevation gain.

Su 8/24/25 7:00a-7:00p \$97

### SUNSET HIKE AT HURRICANE HILL ★

Ages 10 and up. Celebrate the end of summer by watching the last August sunset in this spectacular setting. We'll hike up to the summit as orange rays spread across the mountains. We'll enjoy hot drinks while we watch the distant glaciers on Mount Olympus turn pink and the twinkling lights of Port Angeles appear below. Then we'll hike back on the smooth, wide trail through the meadows under the half-moon. Trip meets at 3pm and arrives back around midnight—bring a headlamp!

## CANINE GOODCITIZEN CLASS (CGC)

This class accompanies those who are interested in their dogs becoming therapy or service dogs, but it is also just a general good goal for any companion animal. In our society we have standards for animals and one of them is this class! The amazing thing is it's only 10 things! 1) Being friendly with strangers, 2) Sitting politely to be petted, 3) Being able to be groomed to present a healthy & clean appearance, 4) Being able to go out for a walk, 5) Not jumping on people, 6) Sitting or lying down and staying in place, 7) Coming when being called, 8) Not reacting aggressively or over-excitedly when seeing another dog when on leash, 9) Being able to still listen and take treats when distractions of all kinds are present, and 10) Being able to be ok when handler is not in the same room with them for a little bit. If your dog cannot do all of these consistently then it's time for this class! At the end you will need to sign up for an evaluation to earn your AKC CGC title, certificate and ribbon. You do not need to be a purebred dog to earn an AKC CGC. Any dog can do this class and excel! Sign up NOW! Strawberry Hill Mini-Gym. Pawsitive IDEAS **CONTRACTOR**

## COMMUNITY SAILING

Our gorgeous summers provide the perfect opportunity to get out on the water, spend time with friends, and become a proficient sailor! Learn the basics or improve your skills through daily lessons, games, and adventures. Whether you would like to be a cruiser or a racer, we can teach you everything you need to know about sailing! Classes are led by U.S. Sailing-certified sailing instructors and assistant instructors. Participants meet at Waterfront Park for FJ and Keelboat classes in Eagle Harbor and at Hidden Cove Park for Opti and RS Tera.

### GENERAL INFORMATION & FAQs

**The Welcome Email:** A detailed introductory email will be sent out approximately one week prior to the start of each session. This email will include required forms as well as logistical information such as where to meet, what to bring, and contact information for the camp director and instructors.

**District Swim License:** For all youth participants who will be engaging in on-the-water programs, the Park District Swim License is required. It is acquired through a one-time test given at the Aquatic Center and involves full submersion by jumping into the pool, swimming 25 yards, and then floating or treading water for one minute. The swim license form can be found at our website. Call the Aquatics Center at 206-842-2302 to find out times when testing is available or to see if your child's swim license is on file. If your child is on file, print the record showing they passed and bring it to the first day of class.

**Adult** participants ages 18 and over must take the Park District Swim License test or sign off on a Swimming Skills Acknowledgment Form, self-certifying they can meet or exceed the requirements.

**Waivers and Forms:** Participants must complete and sign the required waiver and forms attached to the welcome email to participate. These must be turned in to instructors on the first day of a sailing class and remain valid for all 2025 summer sailing classes.

**Which class should I pick?** Sailing is often compared to swim lessons, where participants need time and practice to master skills. As such, we recommend finding the right level to develop a solid foundation of skills and repeating that class until ready to move on to the next level. We offer Opti Ospreys for children 6-8 years old to give them a very basic, closely supervised, fun introduction to sailing. The beginning classes for Optis, FJs, and RS Teras cover rigging and how to safely sail from A to B through mini lessons, games, drills, and group sails. *Before progressing to intermediate or intermediate-advanced, we require at least one in-season beginner or intermediate class as a refresher if your sailor hasn't taken the prerequisite class since the previous summer.* Sailors who have taken an intermediate class (or have equivalent experience) may skipper during the Opti Open Sails or Eagle Harbor Dinghy Checkout; anyone at least 6 years old may crew if they are registered and submit the required paperwork. The intermediate/advanced level youth sailing class includes higher level technical instruction, longer-distance sails, and racing. When in doubt about which class you or your child should take next, please talk to the instructor.

### PROGRAMS FOR TEENS AGES 13-17

## SAILING CAMPS

### FJ BEGINNER

Ages 12-17. Flying Juniors (FJs) are simply rigged, comfortable for skipper and crew, and one of the most common double-handed (two-person) boats used in high school and collegiate sailing. Smaller sailors may be paired up with bigger sailors so that they can effectively handle the boat or a capsized. On Monday we will introduce rigging procedures, basic knots, hand signals, basic terminology, and get comfortable with the boats at the dock before practicing capsized recoveries using the scoop method. Tuesday through Friday sailors will learn and apply their new knowledge about wind direction, sail trim, avoiding contact, getting out of irons, docking, tacks/gybes, body position, and FJ teamwork as skipper and crew. This class is a prerequisite for FJ Intermediate and can be repeated until sailors are confident and competent with essential sailing skills. Waterfront Park

## SWIM LESSONS FOR ALL!

Ages 6-14. Do you know someone for whom constant ambient noise makes it hard to focus? Are loud splashy group lessons overwhelming? Sensory needs can be challenging to accommodate in the group lesson setting, that's where adaptive swim lessons can help. These lessons are provided in a small group setting and are created for those with anxiety, physical, sensory, communication, and/or behavior challenges. Aquatic Center.

Our racquet sports accommodations provide a place to play rain or shine and connect with players of all skill levels. We have four indoor tennis courts for lessons, clinics, league and ladder play, and an indoor gym space adaptable for pickleball use.

The outdoor pool operates seasonally depending on weather conditions. The 23-yard pool has three lap lanes, open recreational space, walk-in entry stairs, and an ADA chair lift. The pool deck has tables, chairs, and umbrellas for facility users. The pool is scheduled to open in late spring or early summer, weather dependent. The [birec.org](http://birec.org) website will be updated with the schedule and facility information. We look forward to seeing you outside in the pool this summer.

### LAP SWIM

The three lanes are open at different times of the day. \*Lap swimmers must be at least eight years old and have ARC level 4 swimming skills.

### OPEN SWIM

The pool is open for recreational swimming. Children 14 years old and younger must have a swim license to use the deep end of the pool. Children 6 years old and younger without a swim license must have a guardian aged 15 years and up within arm's reach in the water.

# When Nature Calls

Is there a more beautiful sight when you are in need? The Park District is continuing with its mission of providing clean, accessible restrooms at key locations in our popular parks and trails.

For your convenience, we have installed small self-contained flushing restrooms at the Deerpath entrance to Gazzam Lake Nature Preserve, Hidden Cove Park, Hilltop, Rotary Centennial Park, and at Schel Chelb Park. We have also recently added CXT concrete restrooms to popular trail locations at Grand Forest West and the north entrance to Gazzam Lake Nature Preserve.

And we're not done. On the horizon you can look forward to improved restroom facilities at Battle Point Park near the Kids Up Playground and at Fay Bainbridge Park.
